Version 2 · Draft

Performance at a glance

The numbers that define this reporting period.

Total views	Total reach	Engagement
14,520	37,752	60,984

Followers & subscribers	Net audience growth	Engagement rate
84,216	107,448	3.45%

No comparable published period is available. Growth is not calculated.

32 reviewed metrics · 2 unreviewed or unreadable metrics excluded

Working report — this version is not currently published. Figures and commentary may change.

About these figures

Only saved, reviewed numeric values are included. Missing data is shown as a dash; zero remains zero. Audience combines followers and subscribers. Cross-platform totals are not deduplicated people. Engagement rates use the portal's calculation: weighted by views when available, otherwise a simple average.

Exported Oct 15, 2026 · 32 reviewed metrics
