Compared with Aug 1–31, 2026

1 reviewed metrics · 2 unreviewed or unreadable metrics excluded

In this report: Executive review / Platform performance / Detailed metrics

About these figures

Only saved, reviewed numeric values are included. Missing data is shown as a dash; zero remains zero. Audience combines followers and subscribers. Cross-platform totals are not deduplicated people. Engagement rates use the portal's calculation: weighted by views when available, otherwise a simple average. Changes compare the preceding, non-overlapping published period. Period lengths and account coverage may differ. Narrative text is reproduced in its saved language.

Exported Oct 15, 2026 · 1 reviewed metrics

Executive review

The saved narrative, highlights, and next steps for this period.
